## **2015 GIPA AWARD FOR “IAM DEVELOPMENT STRATEGY – COMPONENTS MANUFACTURER” GIVEN TO METELLI**

A prestigious recognition for METELLI Spa, which on the occasion of the first day of Autopromotec in Bologna received the prestigious Gipa award for excelling in the automotive aftermarket sector.

The category for which the award was given is IAM DEVELOPMENT STRATEGY – COMPONENTS MANUFACTURER for investing in the acquisition of two important Italian companies such as Fri.tech and Trusting, which manufacture the brake pads and brake shoes, respectively.

This strategic choice allowed Metelli to position itself on the market as one of the few suppliers-manufacturers, providing its clients with the increasingly essential knowhow to provide a product in line with vehicle's technological development.

The award, given by Gipa by Mr.Aguettaz (at the head of Gipa Italy) was collected by Metelli's MD, Mr. Sergio Metelli and Mr. Piergiorgio Metelli, as the Sole Director of Fri.tech and Trusting and for the Sales Management by Mr. Renato Zerbini as the Business Development Manager and by Mr. Matteo Barcellandi as the Aftermarket Sales and Marketing Manager.

We are available for further clarifications

Kind Regards,  
Marketing Department  
Metelli S.p.a.
